# *Malbec Rosé*

## *Region*

San Rafael, Mendoza.

## *Vineyard*

Malbec (7000 kg/ha, planted in 2007) from San Rafael, Mendoza.

## *Soil*

Alluvial origin composed of sand and stones covered in calcium carbonate, with a low organic matter content. This farm is irrigated by the waters of the Atuel River, coming from the Andes mountains.

## *Harvest*

Handmade in 18 kg boxes. March 3, 2024

## *Elaboration*

Selection of clusters in the winery. Short maceration with the skins. Alcoholic fermentation carried out in stainless steel tanks with controlled temperatures between 15 °C and 18 °C. Tank matured for 6 months.

## *Production*

2200 bottles.

## *Tasting notes*

Malbec rosé wine with a bright pale pink color, intense expression of red fruits such as sour cherries and cherries with notes of red roses. In the mouth, flavors of red fruits and balanced acidity.
